भारतीय सूचना प्रौघोगिकी संस्थान गुवाहाटी
INDIAN INSTITUTE OF INFORMATION TECHNOLOGY GUWAHATI
Bachelor of Technology Grade Card (Semester VI)

Program Duration: 4 Years
Name: SANKALP GUPTA
Discipline: Computer Science and Engineering

Semesters: Eight (8)
Roll No.: 2201176
Year of Enrolment: 2022

F	0 (Fail)
PP	Pass
NP	Fail
I	Incomplete

Abbreviations used	
Cr.	Credit
Gr.	Grade
S.P.I.	Semester Performance Index
C.P.I.	Cumulative Performance Index

Courses awarded with PP/NP grades are excluded in S.P.I. and C.P.I. calculations.

- A student is considered to have completed a subject successfully and earned the credits if he secures a letter grade other than I or F in that subject.

- A student obtaining the grade 'F' in any subject will be deemed to have failed in that course. In case of a theory course, he/she can pass that course by giving supplementary examination. However, the highest grade that a student can get through this option is CC.

- If the student fails to clear the course in two supplementary chances, he/she will have to repeat the course.

- In case of failure in Laboratory/Practical subject, the student will have to re-register for it in the next appropriate semester and a student can get up to a letter grade AA.

- A student taking a course again or giving a supplementary examination will get two grades for the same course. The supplementary examination grades will be shown separately. The better of the two grades (the old and the new) of that course will be considered for S.P.I. and C.P.I. calculations.

- No Class or Division is awarded in this Institute.

The S.P.I. and C.P.I are calculated as:

$$S.P.I. = \sum_{i=1}^{N} C_i G_i / \sum_{i=1}^{N} C_i$$

and

$$C.P.I. = \sum_{i=1}^{M} C_i G_i / \sum_{i=1}^{M} C_i$$

C_i is the number of credits (Cr.) allotted to a particular course

G_i the grade points corresponding to the grade (Gr.) awarded for the course

N is the total number of courses registered in a semester.

M is the total number of courses registered so far.

- There is no specific formula for converting CPI to percentage marks at IIIT Guwahati. However, if required, the CPI may be multiplied by 10 for an indicative percentage of marks.
